Bagno Sasso launches: Ocean Wave and Ocean Wing bathtubs

Two brand new designs by Bagno Sasso and I am very smitten with both. Behold the Ocean Wing (above) and Ocean Wave. I realize we've had a bit of a focus on tubs lately which I attribute to the sudden cold snap in Florida. That's right, things have dropped to a finger numbing 74 degrees and I feel entitled to dream about luxurious tubs now and in the case of these two not only because they invite to luxuriate but because these two designs do what Bagno Sasso tubs do best - turn heads.

Ocean wave, makes a sensational statement in the space and challenges traditional bath design and efforts to keep a tub in the corner. Center stage for this baby is the only way to go. For more Bagno Sasso, see them on **Modenus**.
